

Mission Solutions for Defense

Experienced Insight and Innovative Solutions
to Deliver on Mission Requirements

As a recognized market leader in U.S. Navy network design, operational readiness, system modernization, lifecycle sustainment and system integration, Noblis MSD identifies and deploys new shipboard technologies, integrates information technology across shipboard platforms, implements cyber and advanced information technology systems and develops strategies to support the Warfighter.

Our subject matter experts have extensive military and government backgrounds and deliver on our clients' mission requirements with experienced insights and innovative solutions to help transform their organizations. At Noblis MSD, our corporate foundation centers around quality performance and technical excellence to turn complex problems into result-driven, sustainable solutions.

Mission Solutions
for Defense **MSD**

What We Do

Noblis MSD is subsidiary of Noblis, Inc., a nonprofit science, technology and strategy organization dedicated to creating forward-thinking technical and advisory solutions in the public interest “for the best of reasons.” Noblis MSD leverages the depth and breadth of the entire Noblis family of companies to deliver advanced capabilities to our clients.

Enterprise IT, Systems Engineering and Cyber

Upholding information dominance for enterprise transformation and Warfighter success.

Acquisition Modernization and Sustainment Readiness

Innovative solutions to the challenges of sustainment and modernization.

Hull, Mechanical and Electrical (HM&E) and Combat Systems Engineering

Engineering and technical expertise to help the Navy chart a course for U.S. national security.

Program Management and Strategic Consulting

Managing complex projects and programs across a spectrum of services.

WHY NOBLIS MSD?

Noblis MSD is a force multiplier for our clients and their missions. As a subsidiary of Noblis, we apply innovative thinking and inventions to challenges. We transform new and novel ideas into practical, sustainable solutions that increase mission performance and efficiency. Our Noblis Sponsored Research program is driven by government missions and fuels solutions to our Nation’s most critical challenges. Our yearly investment in this program, along with our ethical practices, is part of what makes us a unique organization and helps us generate sound, sustainable solutions with enduring impacts.

About Noblis

For more than 25 years, Noblis has been an innovator within the federal government, committed to solving the challenges of today and investing in the mission of tomorrow. As a nonprofit, Noblis works for the public good, bringing together the best possible capabilities, including science and technology expertise and solutions, in an environment of independence and objectivity to deliver enduring impact on federal missions.
